**Subject:** Pebble Mine Seismic Hazard Analysis  
**Attachments:** 2020-0625 Ltr to USACE re new technical info re environmental review of Pebble Mine.pdf; Ex. A - Pebble Mine Geohazard and Tailings Dam Embankments Analyses - Drs. O'Rourke & Idris.pdf; Ex. B - Seismic Hazard Analysis for the Pebble Mine Project, Southwest Alaska" (June 2020).pdf; Ex. C - Final Stability Report - June 23, 2020 - Drs. O'Rourke & Idriss.pdf

Dear Christopher Hladick,

Today, the Bristol Bay Defense Alliance submitted the attached Seismic Hazard Analysis to the U.S. Army Corps of Engineers for consideration in the proceedings of the Pebble Mine Project. This analysis reveals new technical information relevant to the environmental review for the proposed Pebble Mine.

Your acknowledgement of receipt will be greatly appreciated.

Thank you,

**Katie Enslow**
